for more details:

BeeWrap

BeeWrap is the Advanced Semi-Automatic Mobile Pallet Wrapper.

The BeeWrap model is the mobile wrapping machine for palletized loads suitable for every shape, dimension and weight using stretch film. Provided with a digital control panel that allows, in a very easy and functional way, the programs management and the wrapping parameters set-up.

Key Features

For pallets of height up to 2100 mm
Needs only 1150 mm free space around the load to operate
Safety bumper
Operation indicator light and beeper
2 x 12V lead acid battery with incorporated battery charger
Rudder for easy motorized robot moving
Adjustable height tracing wheel
Rear forklift access
Reclining column for easy shipment and movement
Advanced & Friendly control panel
Film carriage with clutch (mechanical or electromagnetic)
or powered prestrech (200%)
Pallet height photocell
Up to 300 pallets without recharging (* See technical features list)

Optionals

Gel batteries available as optional
Photocell for black film or colored products
Remote control

Adjustable height tracing wheel

View of reclined column

Operation indicator light and beeper

Rudder for manual moving

Pallet height photocell

Safety bumper

Rear forklift access
